

# BOREAL

With his new proposal, Lizzo honours the power of light on nature and its way of interacting with the environment. A choreography of lights and shapes on different textures reflecting one of the greatest natural spectacles: the aurora borealis.

Organic designs coexist in harmony in this collection of sheers full of spectral nature, movement and mysticism. Twelve references offered in raw tones and cloudy greys, with subtle notes of terracotta, through which Lizzo sifts the light to create effects of relaxed comfort.

Beautiful jacquard in fil coupé with a pleasant, vaporous feel. The volatile density and ephemerality of clouds are captured in this design, whose abstract forms add depth and movement to this cotton and linen fabric.

caliza

Evoking the Mediterranean landscape with its natural design, this delicate embroidery seems to sprout from the ground, creating a unique atmosphere with the passage of light.

# salvia

The delicacy of linen and the durability of cupro make this curtain fabric the most sophisticated reference in the collection. A jacquard with a subtle satin look and organic texture.

# ORGANIC INSPIRATION

Organic designs, wool and neutral colours characterise this collection together with our new range of hightly resistant to damp and sunlight, washable fabrics ideal for outdoor spaces .

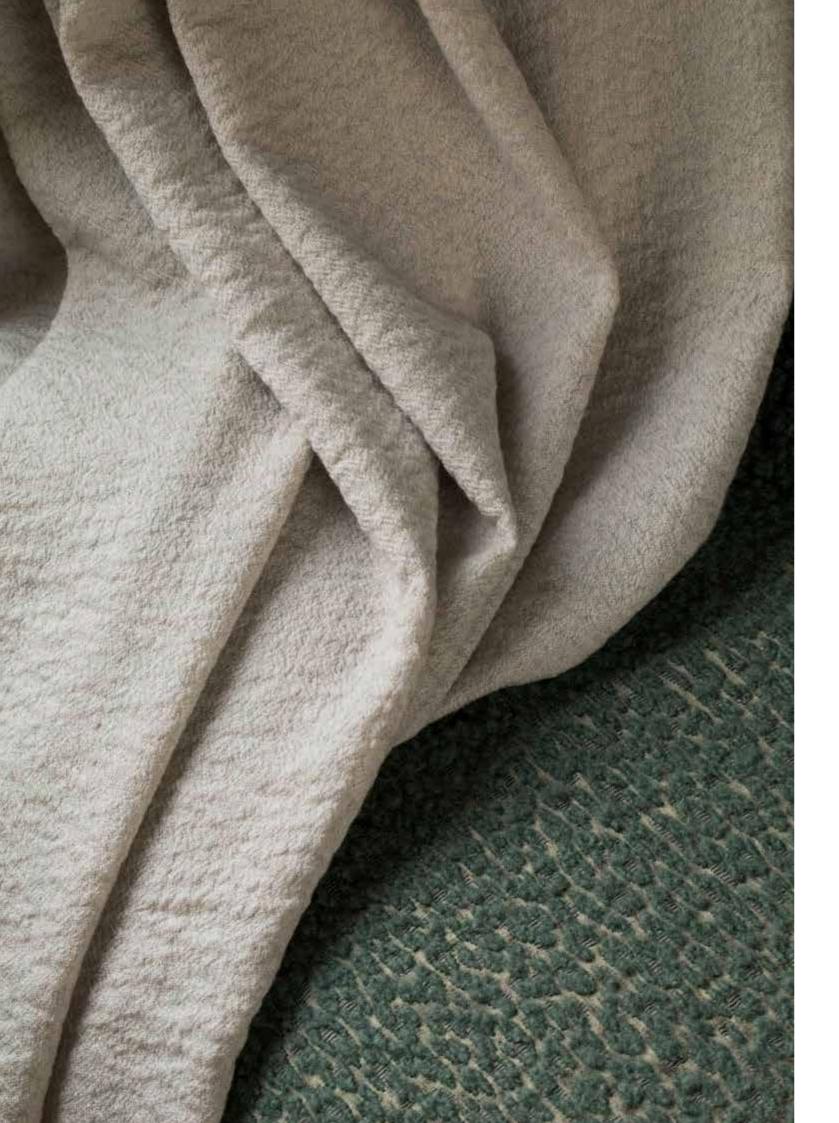

White, linen, grey, subtle pink and neutral tones make up Boreal. Lizzo plays with textures to create atmospheres where sunlight shyly filters through the fabrics.

# algae

The sea nature inspires this rustic jacquard fabric. Its composition, made of cotton and linen, enhances its natural charm and its interwoven threads create irregular lines, highlighting its handcrafted look.

Its organic texture is reminiscent of the crystalline aspect of silica, while the warm feel of wool gives this jacquard a perfect softness and drape. Silica creates a subtle atmosphere where light finds a shelter to take refuge.

# fossil

With an incomparable texture and character, this 100% wool fabric evokes the ancient rocks lost at the bottom of the sea, where shells and corals become eternal.

# OUTDOOR SHEERS

Lizzo presents four sheer fabrics ideal for both indoor and outdoor spaces. Versatility and elegance combine to evoke a Mediterranean ambience with a natural and organic look.

# cassia

Timeless and minimalist, Cassia is named after an oriental tree with an aroma similar to cinnamon, whose pattern emulates its texture. Its acrylic fibres make it highly resistant to inclement weather and easy to maintain, perfect for outdoor use.
