LAND ART COLLECTION

LAND

Land Art takes its name from the art movement in which nature is everything. This avant-garde movement is based on ephemeral art, where the landscape and the work of art are intertwined. Nature does not inspire the work, but is part of it, and its elements are what make up the artistic expression.

ART

ARMCHAIRS MAGMA 03

Lizzo's new collection is a tribute to the union of man and nature. The best natural fabrics, such as wool, are combined with semi-glossy textiles to achieve a perfect cohesion, comparable to the works of Land Art.

Elaborated textures in rich reliefs and drawings are mixed to create a collection full of nuances within the colour range that characterises the brand, but with contemporary shades.

NATURE
IS NEVER
FINISHED
ROBERT SMITHSON

Land Art was created by a group of pioneering artists who investigated natural sites as an alternative mode of artistic production, with the aim of eluding the commercial art system and creating the purest art.

Lizzo's Land Art collection shares the intention of understanding and participating in the natural environment, the union of humankind with nature. Its textures elaborated in rich reliefs remind us of the earth and a colourful composition brings us closer to the essence: marsala red, celadon green, emerald accents, intense golds or geological pinks. Wool takes centre stage and its combination with subtly shimmering fabrics seeks the perfect harmony.

ARMCHAIR LUMBER 02

CUSHIONS LUMBER 02, 13

The sinuous shapes of the wood grain are the inspiration for this velvet with an elegant relief of vertical lines. The artists of Land Art used wood to create structures with abstract and organic forms on the landscape that captivates us with their ephemerality.

UNIQUE

Lizzo offers a wide range of hospitality fabrics with all the technical requirements of the sector, with both practical and sophisticated options to create an exclusive ambience.
